Dear Prof /Dr /Mr /Mrs (name of each potential participant),

Invitation to participate in research about the future of community pharmacy

My name is Evina Paloumpi and I am a PhD student from the Department of Pharmacy and Pharmacology at the University of Bath. My research aims to develop an evidence-based vision for the future of community pharmacy services in England. It is kindly supported by Dr Bharat Shah and Sigma Pharmaceuticals.

I would like to invite you to take part in a confidential interview to discuss your views on how pharmaceutical care will be provided in the community in the future. Your contribution would be greatly valued. However, joining the study is entirely up to you.

If you would be interested in taking part in this study, please read the enclosed information sheet and consent form and then contact me using the contact details below.

Thank you in advance for your time.

Yours sincerely,

Evina Paloumpi
