

Ace: My Research project.

[why home schooling is a good choice.](#)

Background

I am a Home schooled teenager that did a research project on my home schooling.

i have been home schooled for year and a half.

i'm home schooled because the work in my secondary school was way too hard.

i enjoy meeting new people and doing history.

my experience home schooled has been very good so far.

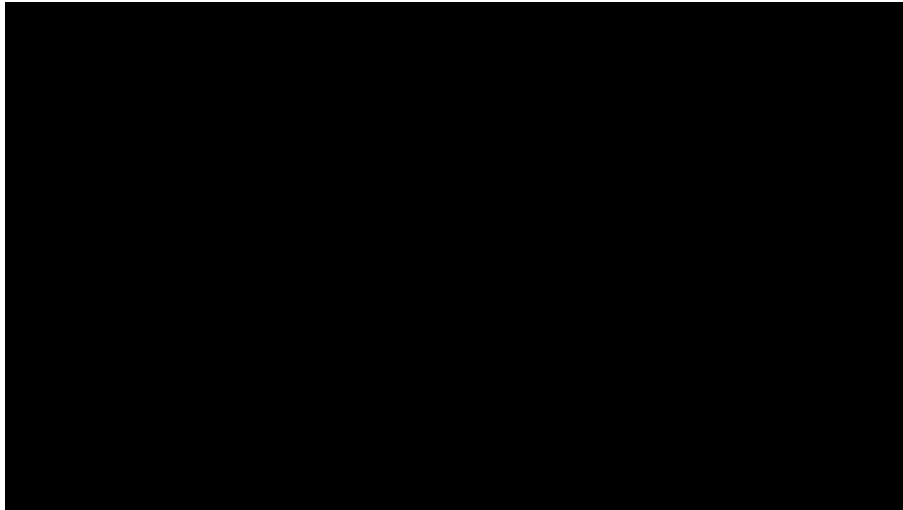

Research Design

- Research Question 1: How do I perceive my educational outcomes being Home Educated?
 - Data Collection Method: Visual Board & Vlog
- Research Question 2: How is my social development perceived being Home Educated?
 - Data collection Method: Interview my dad

1 - My Visual board

<https://sway.office.com/1Q1PylznOQTCWMk2#content=UfPch0krBE0feE>

2 - An extract from my Vlog

Analysis and findings

3 - Learning about World War II

4 - learning about cars

Thematic analysis of my visual board.

- **Theme 1 Gaming**
- **Theme 2 Enjoyment**
- **Theme 3 Tech**
- **Theme 4 Skills**
- **Theme 5 Friends**
- **Theme 6 Sports**

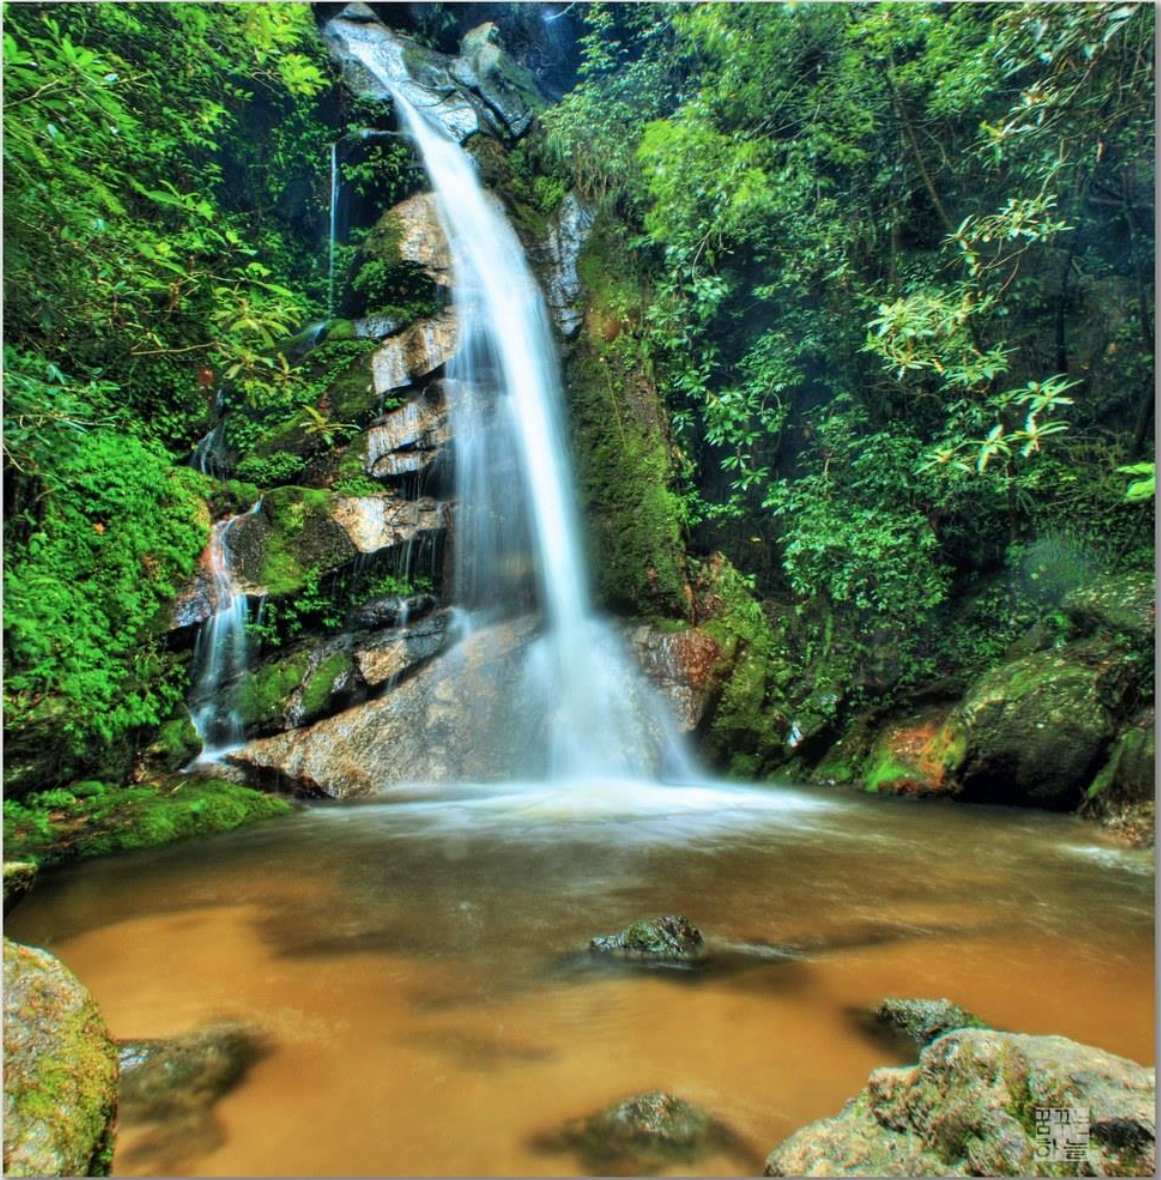

Thematic analysis of my interview

- **Theme 1 Resilience**
- **Theme 2 Social skills**
- **Theme 3 Future occupation**

conclusion

In conclusion I am doing a lot and more than I would at school and my data about educational outcomes shows that I do a lot of hobbies which is part of my education
